

# Committees within Scintilla

## What is a committee?

Within a large association like Scintilla a lot of activities are placed with committees.

The committee regularly holds [meetings](#) to reach their goal, which differs from committee to committee, where all members are supposed to be present.

Every committee has at least a [chairman](#) and a [treasurer](#), and often an [secretary](#). The committee chairman keeps an eye on the state of affairs and leads the meetings, the committee treasurer takes care of the finances and the secretary makes the [minutes](#) of the meetings.

Every committee also has their own mailbox, where the [post](#) is delivered. These mailboxes can be found at the closet next to the door.

The specific goals and pursuits of a committee are formulated in the [Commission Establishment Decree](#), which has to be signed by (a part of) the committeemembers.
