Read your Scintilla mail in Mozilla Thunderbird

- Open Mozilla Thunderbird
- Goto Account Settings (Tools –> Account Settings)
- Press Account Actions and then Add Mail Account
- Type your name, your email address and your password

- Press continue
- Thunderbird will automatic find the correct server settings.
- Check if the incoming mail servers is: imap.scintilla.utwente.nl
- Check if the outgoing mail servers is: smtp.scintilla.utwente.nl
- If everything is correct, press Done
